Attached for your signature is a letter to Senator Ervin regarding S. 3418 which would establish a Federal Privacy Commission. In a previous letter to Senator Ervin we requested a full exemption for CIA from this bill, but according to the Committee staff, Senator Ervin rejected this request. The attached letter represents our analysis and comments on the latest draft version of the bill. We again state our preference for a full exemption but include a fallback position that specifically exempts CIA from those portions of the bill that we have determined would be most troublesome for us. Our suggested exemption also includes language to the effect that S. 3418 shall not be construed so as to affect or impair the statutory responsibility of the DCI.

I expect that the Committee will not accept our proposal in toto and further negotiations are likely on this bill.

This has been coordinated with DDO, ISAS/DDA, CRS and OGC. The letter will be cleared with OMB before transmittal.
